suggested seating ideas

The suggested seating configurations shown to the left illustrate only a selection of possibilities available with the Linear range. With 7 modular units available, there really are no restrictions on how you choose to configure your furniture to fit your room.

If you are looking to form a complete corner arrangement, please note that a corner unit is required as illustrated by the 5 piece corner (shown far left).

If storage is a necessity, the Linear range now includes a Media Storage Stool, ideal for hiding away all of your DVD and CD cases.
